

Improvisation for Blues and Rock Guitar

Do you want to play lead guitar?
Do you already play lead guitar and want to increase your knowledge
and skill?

Then this is for you!

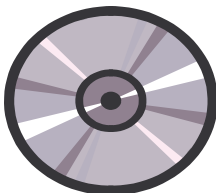

This book combines the elements needed to explain and enhance your
blues and rock soloing.

This book and CD includes:

- *16 classic licks written in notation and tablature*
- *All 16 licks played individually on the enclosed CD*
- *9 full band backing tracks on the enclosed CD to practice with*
- *Chord charts of each track with the scale shapes to play with them*
- *Full explanation of the seven tone and five tone scale shapes*
- *Learn to use the entire neck of the guitar for soloing*
- *Full explanation of the seven modes and pentatonics, and how to use them*
